

SIEGE OF MAASTRICHT 1673 ARMY LISTS FOR EN GARDE!

In the magazine *Wargames Illustrated*, issue **341**, we have contributed an article called *Young Churchill*. It covers the early military career of *John Churchill*, future *Duke of Marlborough*. The wargaming part of the article presents you with scenario set during the *Siege of Maastricht 1673*. Here Churchill and his English Soldiers charge a ruined fort alongside the French Musketeers and D'Artagnan to oust the Dutch and Spanish soldiers re-taking it.

We've chosen to use the **Osprey Games** rules *En Garde!*, and here we present you with four army lists for the different *warbands* that feature in the scenario.

James Scott, Duke of Monmouth, all models from our 1672 range.
